+961 (3) 692076 – omaya.nd@gmail.com

I am a highly motivated and responsible web developer with 5 years of experience primarily in frontend web development, as well as WordPress theme and plugin development. I work hard to provide the best user experience in web application keeping in mind speed, responsiveness, SEO, and a pixel perfect implementation on the front-end. I look forward to learning new technologies, continuing to improve, and adding new skills.
