Summary

I am a fourth year electrical and electronics engineering student with interest in Programing , Web Development, and Data Management. I would like to do an internship at your company. I have a strong background in math, physics and computer science … My background allows me to pass Third year – Very good (rank 2 / 58).

Education

Department of Electrical and Electronics Engineering, ULFG III, 2017-2020 (expected)

· Fourth year – in progress.

· Third year – Very good (rank 2 / 58).

Common trunk, ULFG III, 2015-2017

· Second year – Very good (rank 2 / 91).

· First year – Very good (rank 1 / 122).

Projects

· Applications with **C** language and **Java** (X and O game / sorting, graph theory and dynamic programming algorithms / calculator application…)

. Designing and Programming **Sumorobots** in 2 Sumobot Competitions: 2nd place in 2016 and 2017

. Electrical Installation plans for serval projects.

. **Hijab Detector:** I have worked on building an application on android that is able to classify girls with and without Hijab using Convolution Neural Network. I have worked under the supervision of Professors Youssef Harkous, Hadath, Faculty of Engineering, Lebanese University (2019)

. **Network security training**: Attacks on LAN using **Kali Linux** and **Python** (Rogue access point, Evils twins, Deauthantication attack, DNS spoofing, ARP poisoning, Phishing webpage, XSS attack on web application…)

Extra-curriculum course

· Cisco Networking Academy – CCNA2: Routing and Switching Essential. (2017)

· Cisco Networking Academy – CCNA1: Introduction to Networks. (2018)

Computer skills

· C/C++, Python, Java (OOP – Network App).

· HTML, CSS, JavaScript, PHP.

· Microsoft Word, PowerPoint, Excel,OneNote.

· Cisco Packet Tracer, Proteus, Eagle,Multisim.

· AutoCAD (2D), MATLAB, LabView.

Languages

· Arabic (native).

· French (very good understanding and speaking – TCF B2).

· English (good understanding).

Membership

· Member in *Cyber Community* (2015-2016).

· Organization of two workshops about security (2016-2017).

. Treasurer at LUFE-III student branch of IEEE. (2017-2018).

Experience & Occupation

Private teacher | University & abroad | 2017-2018

· Several lectures of programming for student of common trunk.

· Private lessons for High school (Maths, Physics).

Reference

· Professor. Fadi Zaraket –American University of Beirut: fadizaraket@gmail.com

. Dr. Amine Haidar – Cisco Academy instructor: amine.haidar@ul.edu.lb

. Mahmoud Trabulsi – IEEE Student Branch Chair: mahmoud_trabulsi@hotmail.com
