ACHIEVEMENTS

Duties

• This university has a fundamental base about engineering. It is internationally known for its various activities and majors. • At the end ,I had to represent my senior project. Seeing as my colleagues were all in groups .I had to work on mine alone and by myself. My project was based upon SMS voting system , it was specialised for its ability to be used "Hardwar and software". it was presented in the universities exhibit and lots of my other projects that I have been working on eg: mobile application(android),database , website (HTML,JAVASCRIPT, hardwaere project eg: micro lab(fresco machine).
