SUMMARY

Currently a 1st yr Business student at MUBS and Chief hotline operator at Embrace Lifeline, with 2 ongoing researches at BAU faculty of Medicine. A previous medical student in search of new experiences and possibilities. Using both technical and data-related aspects with art and creativity for further innovation and excellence in what I do. Research and data analysis is my current passion, and its being honed by my ongoing researches in BAU faculty of medicine. Hobbies range from data management and analysis to astronomy, photography, photo and video editing and production, reading books and writing poetry.
