**Activist | Nasawiya a Feminist Collective**

*August 2011 Till January 2014*

Nasawiya is a group of young feminists who are working together to recreate a world free from sexism, and all other forms of exploitations and discriminations that collaborate with it: classism, heterosexism, racism, capitalism, etc. We see all these problems as interrelated and equally oppressive yet we insist on addressing them from a progressive grassroots feminist perspective.
