Experience

- **Instructor** at **Lebanese American University** in Beirut Lebanon | July 2018 - August 2018

I instructed almost 100 students in five different sections where I taught them some basics of architecture along with practical seminars. The outcome was several architectural models in collaboration with the firm BILDITS, exhibited on campus.

- **Intern Architect** at **Light Space Design** in Dubai UAE | January 2018 - February 2018

A new experience for me, this time in a foreign country where I learned how to work in a group of international peers of different backgrounds. I worked on a proposal for a project presented in Abu Dhabi to His Highness Sheikh Mohammad bin Zayed Al Nahyan.

- **Intern Architect** at **Fouad Menem Consulting & Partners** in Beirut Lebanon | May 2018 - June 2018

I was in charge of designing the entrance of a new building that is under construction in Ashrafiyeh area. Also, I was exposed to works in concrete, plaster, masonry, aluminum work, and ceramic tiling in an office complex in Solidere Beirut.

- **Intern Architect** at **Achour Holding** in Beirut Lebanon | August 2017 - October 2017

I worked on the design of a new building that is under construction in Ashrafiyeh area. I was exposed to works done in Eden Bay Resort that was still under construction for the works in concrete, plaster, masonry, aluminum, and ceramic tiling. Also, I worked on all electrical plans of a medical lab under construction in Hazmiyeh area.

Ongoing Experience

- Since 2012, I've been attending **CONSTRAVISION s.a.r.l** in Furn El Chebbak. This company is a design and build solutions company, where I've been exposed to a lot of projects under various programs and designs. I worked on conceptual and CAD drawings along with building scale models. I also visited a lot of sites where construction took place and installments were applied.
- Since 2016, I've been working on the designs of various living rooms, bedrooms, tables, and closets since I am passionate about furniture making. I did an internship in **FORMETAL** to gain experience in this matter. Moreover, I created my own line in this field where I opened my own firm: **WilDeco**.

Current Experience

- I am currently a financial consultant at an international insurance company called **Royal London** based in UK. In this company, I daily assess clients' financial needs and plan for their future, I make presentations for the team in my agency as and when required. I coordinate my tasks and assess my work daily with my superior, coordinate with my unit manager, through a weekly report, and monthly coordinations with my clients. Note that I started this career as an intern at the American insurance company: **MetLife**.

Personal Achievements & Skills

- Former Lebanese Red Cross member
- Al Omor Al Madeed Organization
- Youth For Tolerance Organization
- Shifaa Organization
- Khiam Al Khair (Iftar Ramadan)
- Class representative and students' representative for the school committee
- Attended several workshops about furniture design and making
- Attended several workshops about Social Media and its impact on individuals

Personal Interests & Hobbies

- I enjoy traveling a lot, I've visited plenty of new countries and places and still plan to take many more off my bucket list.
- Photography is my passion, it pauses every moment, I like both to take pictures, and to be photographed as well.
- Painting is one of my interests, where I have a limited collection of drawings and paintings of my own.
- Social media has a great influence on me where I am highly active.
- Interacting and socializing with people, where I frequently find myself attending public events.
- Reading biographies oftenly.
- Watching scientific documentaries.

Social Responsibility

- I am a co-founder of **Metlna Metlak Organization**, a non governmental organization that aims to serve disabled children of whatever nationality living in Lebanon. This NGO serves in various fields: medical, educational, and social, in order for the kids to be effectively engaged in the society.
