  (To Graduate by the end of 2019)

- MICROSOFT TECHNOLOGY ACADEMY, Certificate of completion of a Microsoft Approved: MICROSOFT TECHNOLOGY ASSOCIATE.
- COMMUNITY SERVICE CERTIFICATE from S.M.I.L.E. (Save Many Innocent Lives Everyday)

Prior Experience

2015 – present	**Private Tutor**

I've worked with students of various ages to help them with their school studies and official exam preparations. My tutoring experience has mainly been with students from grades 7 till 11, and I've had several chances to teach groups of students at once with no problems at all.

2017 – 2018	**Manager of Operations**
	Beach Bay

After 3 years of working as a waiter at Beach Bay, the owner decided to make me in charge. I handled employee schedules, assigned work plans, trained waiters, solved customer problems and planned and managed events.
I was basically in charge of everything outside the kitchen.

2013 – 2017	**Waiter – Head Waiter**
	Various Restaurants

Since the summer of 2013, I started working as a waiter for the soul purpose of making my own money so that I wouldn't ask my father for an allowance anymore.
I wanted to be an independent young man. From that point, I had the chance to work In multiple restaurants (Chateau Rouge, Camino Cafe, Titanium 22, Beach Bay) and gain a lot of experience and skills that would help me in and out of the F&B industry.

Skills & Traits
