## OBJECTIVE

I am a computer science student seeking challenging opportunities where I can fully utilize my creativity and improve my capabilities, while also gaining relevant and valuable experience.

## EXPERIENCE

- **Saint George Schools**  
*15th August 2018 - 7th September 2018*  
IT Assistant/Registration Desk  
Registered new and old students into the school database system, which also required direct communication with parents to complete the forms.

## EDUCATION

- **Lebanese American University**  
*Present -2023*  
Bachelor in Computer Science

## LEADERSHIP ENGAGEMENT

- **Delegate at LAU Model United Nation's (2016-2017)**  
Participated in MUN, which is a leadership program that simulates the role of diplomats and the perspective of their nations in the United Nations.
- **Delegate at LAU Model Arab League (2017-2018)**  
MAL is a program similar to MUN that focuses specifically on the progress of the Arab nations and its unity.  
Won the "Honerable Mention Award" for demonstrating excellence in leadership and distinguished diplomacy during the conference.
- **Advisor at LAU Model Arab League (2018-2019)**  
Responsible for the safety of 12 MAL delegates at Saint George School, as well as their leadership training.
- **20th Life-Link International Schools Program**  
Participated in the international program as the only representative from Lebanon.  
The program was held in Sigtuna, Sweden (16-21 June 2018) on the theme of Climate Change and Global Disarmament.  
It included an international UN simulation conference, poster presentation of school ESD work, and attending lectures and workshops on the above themes.
- **Delegate at GCI MUN (New York City)**  
The conference was held in partnership with the United Nations Association (9-11 May 2019).  
Represented The United Kingdom at the "Security Council" and won the "Country Statement Award" for the most detailed and accurate research done.

## INTERESTS

- Entrepreneurship and Economics
- International Political Affairs
- Artificial Intelligence and Machine Learning
- Philosophy and Psychology

## COMMUNITY SERVICE

- **Volunteering Work Camp**

Volunteered in the program held by the Ministry of Social Affairs for 2 weeks during this summer.

The camp engages volunteering youth in the local growth of underdeveloped towns and promotes religious cooperation in the country.

As volunteers we stayed in an impoverished government school in the town of "Breeh" and were responsible for organizing a 3 day festival, building a ramp for disabled people, rehabilitating the school and painting it, and organizing activities for the kids in the town.

- **School Library Campaign (2017-2018)**

As a class project, we reformed our impoverished school library and donated the vast majority of its existing books to charities, completing more than 60 hours for recorded social volunteering work.

## SKILLS

- Microsoft Office (PowerPoint, Word, Excel)
- Front-End Web Development (HTML and CSS)
- Leadership Representation
- Teamwork Communication
- Efficient Adaptiveness to different work environments and situations
- Responsiveness and the embrace of criticism and suggestions
- Problem Solving and Managing

## LANGUAGE
