Hussein Abbas

Beirut – Lebanon
Telephone: +96171332584
Email: hussein.abbas1234@gmail.com
Nationality: Brazilian - Lebanese

Personal Summary

Optimizing quality and production processes in fast-paced manufacturing environments. Increase productivity, quality, and profitability through keen data analysis and process design; significantly improve operations and provide efficient resolution of production issues. Identify opportunities for honing safety standards and maximizing ROI.

Career History

INSTITUTO DE TECNOLOGIA APLICADA E INOVAÇÃO – ITAI

June - September 2018

Industrial Engineer Internship:

- Study the Lasse (Laboratory of Automation and Electrical Systems Simulation) laboratory infrastructure needs

- Study the main manufacture process of the laboratory (Panels and Electronics)

- Propose a new disposition and organization of the lab

- Design new projects using Catia

- Projects Printing by 3D printing machine

- Elaborate an engineering process for the fabrication of electronic components and panel building

- Help with documentation and knowledge management in the projects activities

H.M Mobile

2013-Present

Working as an System Engineer

Work duties:

- Data analysis

- Design of application's specifications

- Install, configure, test and maintain operating systems, application software and system management tools

- Managing and monitoring all installed systems and infrastructure

- Inventory and Simulation (System Training)

Key Competences and Skills

Personal Skills

- Ability to communicate, motivate and lead a team with a proven track record
- Knowledge of popular computer programs, or more practical skills
- Management of material resources
- Dependability and reliability
- Inventory and stock management
- Adaptability and flexibility
- Ability to develop objectives, scope, work plan, and schedule

Professional Skills

- Operating systems (Ms Windows, Apple OSX, Linux)
- Programming (Java)
- Computer hardware (Intel/Amd Cpu, Atx/at form, components/accessories)
- Specific computer design (Computer Operating System, Hardware Setup)
- Excellent office software skills (All Microsoft Office package, Ms Visio, Ms Project)
- Excellent application software skills (Arena, Minitab, Mat lab, Spss)
- Excellent Engineering Drawing programs skills (AUTOCAD, CATIA(CAD-CAM), SURFCAM)
- Excellent skills in all kinds of data entry
- Excellent skills in outside business-to-business sales, wholesalers, retail shops, or customer-facing sales role with a proven track record of success
- Certificate in Introduction To Satellite and technology **CanSat** - 2018

- Ability to apply ISE fundamentals:

  - Production control
  - Inventory control
  - Process analysis
  - Facility planning
  - Material handling
  - Statistical analysis
  - Human factors engineering
  - Quality control and reliability
  - Manufacturing processes
  - Environmental inventory
  - Data analysis
  - Organizational environments
  - Automation and control PLC

Academic Qualifications

- Lebanese International University
  2018 - Present
  Masters of Science in Industrial Engineering

- Lebanese International University
  2015 - 2018
  Bachelors of Science in Industrial Engineering

- Lebanese International University
  2012 - 2013
  Freshman in Engineering

Languages

Arabic: Mother Tongue

English: Fluent spoken and written

Spanish: Fluent spoken and written

Portuguese (Brazil): Fluent spoken and listening
