I am a fresh AUB graduate with a bachelor degree in computer science. I have experience in Web development and I am looking for an opportunity at a reputable company. I am skilled in different frameworks such as Django, and Angular 2+.

EDUCATION

From Jan/2016 to Dec/2019	**American University of Beirut**	**Beirut, Lebanon**
	Bachelor in Computer Science	
From Sep/2013 to June/2015	**Tibnin High School**	**Tibnin, Lebanon**
	Lebanese Baccalaureate in General Science	

EXPERIENCE

From July/2020 to Present	**kidzie**	**Toronto, Ontario**

Position Held: software developer intern

- Practice source control with Git
- Introduce to the development tools used in programming
- Collect requirements and introducing to effective communication
- Estimate efforts and analyzing risks
- Strategic debugging

From Jan/2020 to April/2020	**Numbase Group**	**Beirut, Lebanon**

Position Held: Full Stack Web Developer

- Built custom RESTful administration and reporting interfaces for Django, python framework, based web applications
- Worked on the "DCB project" that implements carrier billing for different companies like Netflix and Pubg. One of the tasks I have accomplished is creating a CRUD application which facilitated the listing, adding and editing of the subscribers and Carriers by the company

From Aug/2019 to Oct/2019	**Fleets.ai, at Beirut Digital District (BDD)**	**Beirut, Lebanon**

Position Held: Frontend Developer intern

- Enhanced the work with APIs using interceptors which improved the identification of HTTP requests in the Angular app
- Dockerized the pilot web application using docker-compose which helped the team in packing different libraries, code, system tools into virtual containers
- Prepared weekly progress reports

From June/2019 to Aug/2019	**Riyada for Social Innovation**	**Beirut, Lebanon**

Position held: Game Developer intern

- Mentored in "IOT for Good" summer camp held in BDD and helped the students in building and pitching their projects using raspberry pis and in writing simple and efficient python code
- Collected material for Virtual Reality (VR) via research and different online courses on Udemy

- Created "VR for Good" course that teaches the enrolled students how to create their first customized VR game in a three-day Summer Camp

From June/2019 to Aug/2019	**Mentor Arabia**	**Beirut, Lebanon**

Position held: Intern in the communication Department

- Proofread a book to be piloted in Lebanon to raise awareness on smoking and drugs
- Attended workshops held in Grand Serail, about peace building and advocacy
- Assisted Mentor Arabia with different events

From Dec/2016 to Jan/2017	**UNICEF**	**Beirut, Lebanon**

Position held: IT Assistant

- Accelerate 'Windows 10 Migration Project' on daily basis by Migrating all laptops of UNICEF in Lebanon from Windows 8 to Windows 10

PROJECTS

- Certificate of completion from Udemy: Angular Front To Back (21-05-2020)
- Paramedic at the Lebanese Red Cross since August 2015
- Model ESCWA participant (President in 2018, Rapporteur in 2017, Delegate in 2016)

ACHIEVEMENTS

- Granted a full scholarship to AUB from USAID (USP 7 cycle I)
- Granted a Certificate of Participation and a Recommendation Letter from UNICEF
- Awarded a certificate of participation from WFP (Teaching refugees IT skills)
- Granted a certificate of participation as USLS 2018 delegate (Bangkok, Thailand)
- Awarded a certificate of best Rapporteur and chosen to attend the 30th ministerial ESCWA session in 2018 in Beirut
