Objective

Creative and dedicated Graphic Designer looking for more experience with advancement opportunity to further enhance my knowledge in Graphic design.

About

Photoshop, Illustrator, InDesign and AutoCAD 2D & 3D: I am a practical and professional Adobe technician with an experience in making Posters, Brochures, Books and others. I am capable in switching drawings between Photoshop, Illustrator, InDesign and AutoCAD.

I am a practical and professional Adobe and CAD technician with extensive experience in both soft copy and hard copy materials.

Preparing materials from A to Z, and sending it for printing.

Team leader and organizing work for coworkers.

I had my experience within working with projects related to the company I am working with, and within working as a freelancer and projects for university students such as senior projects, and team work projects where I was the leader of the team.
