Objective

Looking forward to develop qualified experience in programming by utilizing my problem solving skills.

Education

Bachelor of Science Degree in Computer Science (2016-2019)

- Lebanese International University, Dahr El Ein
- Graduation Date: July, 2019
- GPA: 3.66/4.0

Lebanese Baccalaureate in General Sciences (2013-2016)

- George Sarraf High School, Abi Samra
- Graduation Date: July, 2016

Experience

Tutor (2016-2019)

- Private teaching of introductory mathematics and programming courses for undergraduate students.

IT Technician (2019)

- Worked for 6 months as an IT technician at LIU
- My responsibilities included:
    - Managing the University's IT inventory
    - Working with a team of four other IT supports
    - Familiarizing students, employees and instructors with static and portable IT equipment and solving log-in, operator, and printing issues
    - Troubleshooting laptop and/or desktop setup by analyzing, tracing, and correcting fault areas in the IT equipment's system

Projects

Senior Project

- Built a smart surveillance system based on face recognition and used for enhancing security
- Used in institutions like companies, universities, banks, etc.
- Some main functionalities include:
  o Saving the appearance logs and linking it to the involved pedestrians
- Retrieving reports from recorded CCTV videos
- This desktop application uses C#, phpMyAdmin, Sentiveillance SDK(Neurotechnlogy)

Android Application

- Built a user friendly android application for a coffee shop
- Employees use the application to manage orders, customers, categories and items
- This application uses Java, Volley (HTTP Library), PHP, and phpMyAdmin

Technical Skills

Operating Systems

- Win 10, Win Server 2013, Ubuntu, MacOS Sierra

IDE

- NetBeans, MS Visual Studio, Android Studio, Arduino, PyCharm

Database Management

- SQL Server, phpMyAdmin, SQLite, MS Access

Languages

- Java, PHP, Python, C#, C/C++, JavaScript, HTML/CSS

Microsoft Office

- Proficient in Word, Excel, PowerPoint

Qualifications & Abilities

- Excellent communication skills
- Great at both independent work and teamwork
- Quick learner
- Well organized

| **Languages** | - Fluent in Arabic and English |
| | - Good oral and written skills in French |
