Objective

Seeking a full-time job in Electrical Engineering, specifically the electromechanical field. I am looking to work on new innovative projects with a group of people from all around the world, while assessing the projects' circumstances and identifying their requirements. I aim to study the feasibility and the risks accompanied by any project to deliver a satisfying product to the client.

Education

- Université Saint Joseph, École Supérieure d'Ingénieurs de Beyrouth (ESIB),
Bachelor of Electrical Engineering- Option Electromechanical (September 2014-June 2019)
Courses taken: Renewable energy sources, Electronic, HVAC systems, Mechanical design, Plumbing, ...
- Collège de la Sagesse Beyrouth (September 2011-June 2014),
Lebanese baccalaureate in General Sciences (2014)
- Collège de la Sagesse Clémenceau (September 1999-June 2011)
Primary and Middle school

Experience

- Middle East Airlines (June 2018-August 2018)
Position held: Trainee
Learned aircraft maintenance procedures
- DaTalks USJ (18 November 2017)
Position Held: Organizer
Co-Organized Big Data and Data Analytics conference

Projects Accomplished

- Final Year Project (2019): Ecological Train Control using renewable energy
- Multidisciplinary Project (2018): Conception d'un Banc de RDM Mixte de Traction-Flexion
- Microprocessor Project (2017/2018): Access Control Using Punch Cards
- Electronics Project: Water Level Indicator

Achievements and Responsibilities

- Delegate of the ESIB student council (2018-2019)
- President of the university platform 'Mouvement de l'ESIB Solidaire' (2018-2019)
- Member of the USJ Ciné Club (2017- present)
- Secretary of the IEEE USJ student branch (2017-2018)
- Co-founder of the IEEE USJ student branch (2017)
- Member of the university platform 'Mouvement de l'ESIB Solidaire' (2015-present)
- Ignace Maroun writing Award (2014): First Prize
- Nejme Football Club player (2011-2012)

Personal Skills and Hobbies

- Computer Skills: MS Word, Excel, PowerPoint, C++, Matlab, Autocad
- Languages: Fluent in English, Arabic and French with basic knowledge in Italian (writing, reading and speaking)
- Hobbies: Reading historical books, watching and playing Football, watching classical film
