Rabih Monzer

Junior Full Stack Developer

Kashaya street
Baakline, Lebanon
(76) 631 - 484
rabihmonzer96@gmail.com

EDUCATION

Arab Open University, Lebanon— *B.S. Computer Science*

OCTOBER 2014 - APRIL 2018

Graduated with a GPA of 3.92; participated in the Lebanese Collegiate Programming Contest and the HULT Prize competition

EXPERIENCE & TRAINING

SE Factory, Beirut/Lebanon — *Cycle #8 Graduate*

NOVEMBER 2018 - FEBRUARY 2019

Intensive full-stack web development program covering cloud architecture, front-and back-end development, source control, and web application security over 14 weeks of lectures, workshops, and projects

Matic, Beirut Digital District — *Junior Software Engineer*

APRIL 2019 - PRESENT

Worked in an agile development environment as a backend developer. I was responsible for migrating their old system from Yii framework to Symfony framework, in addition to integrating third-party software, and implementing new features using the best practices and covering all the code with unit, integrational, and functional tests.

PROJECTS

Loyalty Service - *The First Freelance Microservice For Matic*

Implemented a microservice using Django framework, and integrated it with another system. The main purpose of this microservice was having a service to manage customer loyalty points.

"RentSmartly" App — *Another Trivago (without the annoying person)*

Created a cross-platform mobile app which solves a personal problem. The app allows dorm owners to post their dorms for rent while students can search for dorms filtered to their specific needs. In addition to many other features.

Wooden Factory Automation System — *Digitize the Manual*

Built a web system (for a real factory located in Dmit Chouf) to speed up their work processes, & provide them with highly accurate results

PROFILE

An enthusiastic, energetic, and reliable person who works hard to achieve his goals. Adaptable, committed, and organized.

// What I Cherish

```
while(true) {
    Family;
    Honesty, Modesty, Respect;
    Self-Development;
    Knowledge Curiosity;
    Salt & Vinegar Chips;
}
```

I love solving Rubik's cube. Current best time is under two minutes
