EXPERIENCE

Trainee Electrical engineer

Professional Systems Sarl

07/2018 - 09/2018 Beirut, Lebanon

- Studying the drawings and execution of the works in line with the approved ones
- Supervising and monitoring on-site installation works
- Checking the entire work according to the approved drawings

WORKSHOPS

Training AutoCAD for Electrical Engineers

4 days

09/2018 LIU, Bekaa, Lebanon

ARDUINO Programming

4 days - Covered the steps to program any Arduino board in order to control electronics and power circuits

02/2017 LIU, Bekaa, Lebanon

Training of Trainers Energy Efficiency

Supervised by the German cooperation

2017 Bekaa, Lebanon

INDUSTRY EXPERTISE

Effective Communication

Electric Machines & PLC

Power System Modeling

Power Generation & Control

Photo-voltaic Energy Conversion

Power System Analysis & Design

Power Distribution Systems

Electrical Wiring & Installation

Power Transmission Systems

Power System Protection & Switchgear

TECHNOLOGIES

Microsoft Office

Word

Excel

PowerPoint

Outlook

Design, Electrical & Electronic

AutoCAD

Helioscope

PvSyst

Proteus

MATLAB

TIA portal

EDUCATION

M.S. in Electrical Engineering

Lebanese International University (LIU)

2017 - 2019 Bekaa, Lebanon

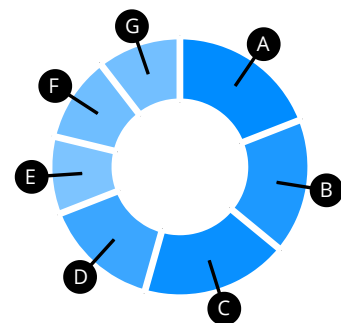

- Master thesis project was about designing a 100 MW Solar Power Plant in Bekaa

B.S. in Electrical Engineering

Lebanese International University (LIU)

2014 - 2017 Bekaa, Lebanon

STRENGTHS

- A Innovation, Flexibility & Adaptability
- B Interpersonal & Communication skills
- C Attention to detail & Problem solving
- D Challenging, Confident & Accountable
- E Eager to learn and improve efficiently
- F Prioritization, Multitasking & Motivation
- G Organization & Administration

LANGUAGES

English

Proficient

Arabic

Native
