RESUME OBJECTIVE

Motivated 3d artist looking for new professional challenge and increasing responsibility. Knowledgeable about multiple 3d software and design. Adept at bringing new concepts and ideas to life.

EXPERIENCE

3d & architectural visualization artist / animator

NSH Architects / June 2017 - Present

- Worked on numerous architectural and interior design projects.
- Created a lot of worlds from scratch, including environment, lighting, materials, sound and motion.
- Rendered and animated walk-through videos for multiple projects.
- Worked on virtual reality rendering and applied the method to multiple projects.
- Created a proposal video for the new AUL university campus.
- Read and interpreted architectural blueprints.
- Altered patterns to fit client requirements.
- Consulted with clients to discuss preferences, styles, and ideas for commissions.
- Resolved client concerns quickly and professionally.
- Presented projects to internal clients.

Freelance 3d artist

November 2016 – present

- Worked on a lot of student projects. Visualization for interior design students, multiple 2d animations for elective courses. Photography projects.
- Worked with a student film production team as a field assistant.
- Worked on 2d animations and intros for radio tv students.
