PROFESSIONAL SUMMARY

Inquisitive, energetic computer science freshly graduated.

Skilled in leadership, with a strong foundation in math, logic, and cross-platform coding. Seeking to leverage solid skills in collaboration, communication, and development as a programmer for your Company.

Work Experience

11/2016 - present

Private Programming Teacher:

This job was at the beginning to earn some little money but ended up gaining more and more experience in the programming major especially when interacting with beginners and developing my personality !

Definitely helped to gain a lot of self-confidence!
