|---|---|

**Virgin Mega Stores Lebanon –** Beirut, Downtown

- Selling Techniques

- Display

- Customer Service

- Stock Keeping

## PROJECTS

- I was part of a team that developed a mobile application for bank loans. It was created using Flutter to work on both platforms iOS and Android, using Dart for the front end and Firebase for the back end. The application would allow the user to traverse banks and search for their respective interests. GitHub link: https://github.com/ahmadkadi1/Smart-Lend-System
