Zalka, Lebanon

## EDUCATION

### Telecommunication engineering Holy Spirit University of Kaslik (USEK)

09/2016 – Present

#### Courses

- Completed courses to learn programming, data structures and algorithms using Java language
- Learned digital image programming using Matlab software
- Completed a course for android mobile application development using Android Studio
- Completed a course for Web application development using HTML, PHP, and MySQL languages
- Studied course for network architecture and protocols along with its lab
- Studied a course for network and mobile security
- Learned a course for managing databases using MySQL language
- Currently working on a final year project about image georeferencing using matlab software for the implementation

## PERSONAL PROJECTS

### Georeferencing of Monoview Images Captured by UAV (02/2020 – Present)

- Given an aerial image captured by a monoview camera on a UAV, the goal of this project is to assign coordinates to any pixel in this image

## WORK EXPERIENCE

### Internship

#### USEK's IT department

06/2019 – 07/2019

Jouneih, Lebanon

I completed an internship at the IT department of USEK which lasted nearly 2 months

#### Achievements/Tasks

- Configuring devices used at university
- Network designing and updating

### Statistician

#### Municipality of Jdeideh

07/2014 – 09/2014

Jdeideh, Lebanon

#### Achievements/Tasks

- I was assigned by the municipality to Jdeideh to gather information about the citizens in the city to make sure their databases were up to date and correct
