WORK EXPERIENCE

Senior .Net Developer
Management Group Offshore

08/2017 - Present   *An Naqqash, Lebanon*

Leading company in Project Management software production that work as development team to PMWeb.

Achievements/Tasks

- **We are working on a web application, called PMWeb, as we develop and maintain it. PMWeb is a web-based Construction Program Management Software.**
- **Adding new features to the web App (Back-End and Front-End).**
- **Making changes and customization upon clients requests.**
- **Troubleshooting and fixing bugs.**
- **I helped the team create the API (REST and SOAP) for the web app (Design and functionality).**
- **Lately, we are working on redesigning the program, to make it responsive.**
