- 2018: Graduated from ESMOD Beirut with honors and received my B.A in Fashion Design & Pattern Making from Université Saint-Joseph and Esmod Paris.

## WORK EXPERIENCE

- Beirut fashion week: during my university days, I participated in working backstage at Beirut Fashion week, we were responsible for the organization of the runway and preparing the models for it.
- Internship at Tony Ward Couture: (summer 2017)  
After completing my second year at ESMOD, I interned at TONY WARD COUTURE for a month. This internship allowed me to experience the haute couture sector and exposed me to the working environment in an atelier.
- Internship at LARA KHOURY: (summer 2018)  
After graduating from ESMOD, I landed a 2 months internship as the Project Manager at LARA KHOURY. I was responsible for the management of the atelier, finalizing the clients' custom made items, adding to that, I managed the company's website.
- Assistant manager at The Hour Dress: (November 2018 - Present)  
What started out as a sales job fastly turned into an assistant manager position at The Hour Dress. My job consists of being the right hand of both the evening section manager and the bridal section manager, sales assistant, tailoring the dresses on each client. One of the most important parts of my job at THD is that I was able to design multiple dresses and execute them. They were then displayed in the showroom and available for rent.
