

Executive Summary

Enthusiastic Telecom Engineer with 10 years of successful and demonstrated track record of working in the telecom industry.

Eager to contribute to team success through hard work, attention to detail and excellent organizational skills. Clear understanding of GSM, WCDMA and LTE and training in PYTHON, Safety, EQ and Project Management. Motivated to learn, grow and excel in the aim to push my career further. Interested in full-time business & technical-oriented positions that provides the opportunity for career advancement to improve my skills, develop new ideas, and to add value to the industry society.

Self-motivated leader with remarkable volunteering track in IEEE that helped improve my interpersonal skills, widening my international exposure and improved my technical knowledge.

WORK EXPERIENCE

RAN DEPLOYMENT ENGINEER

Dec 2017 – Present

ALFA Telecom –Lebanon

- Excellent knowledge in LTE, WCDMA, GSM, architecture for both Ericsson and Nokia vendors.
- Completed projects by effectively applying engineering, technical and maintenance procedures:
 - 3G expansion on the 900 Mhz band for around 500 sites using RBS Element Manager (Ericsson software).
 - 2G downgrade for around 300 sites using OMT (Ericsson software) and BTS Manager (Nokia software).
 - Coordinated installation of DELTA Powered Systems for all network sites.
 - LTE eNodeB installation and integration for around 100 sites using Ericsson and Nokia software and scripts.
 - Coordinated installation of around 350 new sites and relocation of around 100 existing sites.
- Used precision test spectrum analyzers varying from ROHDE & SCHWARZ to KEYSIGHT equipment to analyse live spectrum for external network interference.
- Detail knowledge of NOKIA and Ericsson 2G/3G/4G base stations.

SPECIAL FIELD WORK TECHNICIAN

Nov 2013 – Nov 2017

ALFA Telecom –Lebanon

- Installed and configured new devices and system components for GSM, WCDMA and LTE both NOKIA and ERICSSON equipment.
- Developed expertise in communication systems cabling, circuitry and wiring through various projects.
- Drove operational improvements which resulted in savings and improved profit margins.
- Maintained appropriate environmental conditions in telephone equipment rooms.

BROADCAST ENGINEER

Jun 2012 – Oct 2013

OTV – Lebanon

- Kept signal strong, clear and reliable with optimization of broadcast equipment.
- Coordinated all installations, calibrations and maintenance for broadcast equipment used by OTV station.
- Worked with OTV to strengthen audio and video quality during broadcasts.
- High knowledge on OBI-Van and DSNG operations and equipment.

VOLUNTEERING EXPERIENCE

2010 – Present

- Senior Member at the Institute of Electrical and Electronics Engineer.
- Action for Industry Representative at IEEE Lebanon Section (2019-2020):
