HTML and CSS Developer – Delivered by Udacity
Certificate of completion

Online Accredited Certifications on Coursera

On October 8th, 2020, the Lebanese Ministry of Labor in collaboration with the United Nations-ESCWA launched a program delivered by Coursera; the leading institution in online learning accredited by foreign best universities, for the Lebanese citizens to enroll, learn, study, and earn

certificates after the completion of each course. Till today, I earned 46 certificates including 5 specializations from Google and Google Cloud. Also, I earned 4 certificates related to advertising and social media management delivered by Facebook.

The specializations are:

1. **Google IT Support**: This specialization includes 5 courses and is delivered by Google.
2. **Managing Google Cloud's Apigee API Platform for Hybrid Cloud**: This specialization includes 3 courses and it is delivered by Google Cloud.
3. **Data Engineering with Google Cloud**: This specialization includes 6 courses and it is delivered by Google Cloud.
4. **SRE and DevOps Engineer with Google Cloud**: This specialization includes 5 courses and it is delivered by Google Cloud.
5. **Google Cloud Networking**: This specialization includes 4 courses and it is delivered by Google Cloud.

And Hopefully, by the end of December, I'll be certified as a Facebook social media marketer, where I'll earn a specialization certificate that includes 5 courses that define the principles of marketing through social media platforms especially on Facebook and Instagram.

Certificates
