PROFESSIONAL SUMMARY

Motivated Hardworking Young Engineer with an exemplary academic record and passion to progress within the consulting industry.

Having achieved excellent grades at AUB in my engineering, math, and business courses with an active involvement in a number of clubs and teams, I am keen to pursue my career in consulting. I have a proven aptitude for business and have made several notable achievements in both my studies and my extracurricular activities which would make me an excellent asset to any consulting team or department. My previous work experience, projects, and sports team have also provided me with a range of workplace skills such as relationship building, communication, and teamwork.
