2008 | Bachelor of Science, Computer Science, minor in Mathematics, GPA 3.16 / 4

PROFILE

A dynamic, growth-focused, forward-thinking leader with 11+ years of expertise in programming (PL SQL, Oracle Forms & Reports builder, and Oracle database), data analysis, data visualization, and data science. Skilled IT Specialist with broad base of experience in technical support and operations. Resolves problems quickly, delivering high levels of customer satisfaction. Expertise in analysis and testing of business requirements to drive deployment of applications, business processes and system solutions. Highly analytical and detailed with documented track record in full software development life cycle (SDLC) methodologies and Agile techniques. A multicultural, multilingual professional, I have experience in working with diverse international and domestic clients and translate complex, strategic visions into specific, measurable, and achievable requirements & software. I have worked with various industries throughout my career: banking, insurance, and oil & gas.
