Anghami

RE: Engineering Intern position

Dear Hiring Manager,

I was motivated to contact you upon learning that Anghami has an opening for a new Engineering Intern. For several years now, I have focused my career path and academic pursuits on learning and developing those all-important skills necessary to be great in this type of role. As a personal mission, I strive to empower and improve other's outlooks and circumstances, while always ameliorating my skills and knowledge.

I believe that being genuine and nurturing, along with professional and driven, is an essential combination for people in my field. I possess electrical engineering, software engineering, product development and project management skills, highly proficient in C++ and SQL languages. Additionally, my abilities extend to motivation in learning and critical thinking with brilliant teamwork capabilities. Working and studying with people from diverse backgrounds has provided me with a deep understanding and awareness of differences in both individuals and organizations. These qualities will help to support Anghami's mission while reflecting positively on the professionalism and competencies present in its employees.

For further details of my qualifications, background and contributions, please take a moment to review my enclosed resume. I believe that I can successfully be the Engineering Intern you're seeking and I welcome the opportunity to speak with you at your earliest convenience.

Sincerely,

Fouad Neaimeh
