## EXPERIENCE

### Web Developer

*KTS France | 01/2021 – Now | Paris, France*

*Kts is a travel agency in France dedicated to offering competitive travel packages that meets the needs of their clients*

- Created their website ktsgroup.fr using WordPress, Php and MySQL database.
- Created their packages, email reservation, direct chat, posts filtering, and online reservations
- Improved company's expenses by creating my own plugins instead of buying the pro versions
- Created their email campaign on SendinBlue using HTML, CSS and JavaScript

### Freelance Web Developer

*Born Interactive | 10/2020 – 11/2020 | Beirut, Lebanon*

*Born Interactive is a communication agency dedicated to offering state-of-the-art digital and interactive communication solutions to meet the evolving needs of their clients*

- Created and implemented the site map for the Antonine University English section
- Used HTML, CSS and Bootstrap to design the UI (User Interface)
- Created functions using JavaScript for client-side validation

### Quality Assurance Engineer

*Inspire Innovations | 02/2020 – 10/2020 | New York, United States*

*Inspire Innovations is a company that helps transforming some of the greatest banks and insurance companies into faster, more agile, and efficient, better versions of themselves.*

## Language Skills

- Arabic – Proficient Speaking / Written
- English – Proficient Speaking / Written
- French – Good Speaking / Written

- Improved the company's expenses by creating an automation script using TestComplete to retrieve regression bugs and related fields from DevOps and store them into an excel file instead of buying an existing solution
- Worked remotely with Mexican and American teams to deliver sprints on deadlines
- Created and executed automated software test plans, test cases and test scripts to detect regression bugs
- Advanced experience in TestComplete to create and execute automated test scripts
- Reporting, tracking, and monitoring defects using Azure DevOps and Jenkins for CI (continuous integration).
- Worked with Flood.io, Cucumber.io, Grafana, Influx dB, IBM MQ, Zookeeper, and Apache Kafka Server.

## Web Developer

*CODE7 | 04/2019 – 11/2019 | Beirut, Lebanon*

*CODE7 is an information technology consulting firm specialized in building and implementing integrated business solutions*

- Developed the online exam recruitment part of "SPC" website
- Developed the platform for rally of Lebanon that was hosted in 2019 by the "LBCI"
- Created and executed scripts using ASP.net MVC and MySQL server

## Sales Consultant

*Khoury Home | 10/2016 – 04/2019 | Beirut, Lebanon*

*Khoury Home is Lebanon's leading retailer of household products*

- Increased IT section profits by 17%
- Monitored item stock and maintained a neat display
- Greeted and assisted customers in their search of goods
