## **EDUCATION**

# **Beirut Arab University**

Beirut, Lebanon

Bachelor of Computer Engineering.

2018 -present

Expected graduation date: spring 2022

## **WORK EXPERIENCE**

## Trip n Tap

# **Intern Backend Developer**

7/2021-10/2021

- designed the backend part of the official website using C# and .net in Visual studio using entity framework and dependency injection.
- Unit testing.
- Implemented Data Mapping Conversion.
- Designed new models.
- implemented a logger.
- Tested APIs

## **Project EXPERIENCE**

#### **ECommerce** website.

Developed Frontend part using bare HTML, CSS, and javascript and Backend using PHP and SQL.

#### Schedule assistant bot.

Developed a schedule assistant bot for discord using python and MongoDB that can Create custom notifications for each server and for each user.

### **Meeting management System**

Developed a meeting management system using java for the backend and java swing for UI and MongoDB as database.

#### **Server-Client Network Attack Simulation**

Developed a Server-Client application using Python and Implemented Encryption and Decryption on network messages

### Certificates

Microsoft office specialist (word, Excel, PowerPoint)	2018
IC3	2021
Artificial Intelligence Bootcamp by Zaka	2021

### **SKILLS**

**Programming language:** C, C++, Java, Python, JavaScript, PHP, C# and .net,node js.

Databases: MongoDB, MySQL.

Web design: HTML and CSS.

Simulation: MATLAB, MPLab, Simulink, LabView, Ripes, and cisco packet tracer.

**Technical:** Microsoft Office (Word, Excel, Access, PowerPoint), Visual Studio, Git, PyCharm, and Visual Studio Code,Linux.

Language: English, French delf B1, Arabic.
