

# Mohamad Mzayhem

## Civil Engineer

A dedicated & hardworking junior engineer, who has amassed a wealth of experience by proactively seeking opportunities to work for leading contracting & consulting companies. As a graduate, I am passionately seeking a role in an innovative workplace where I can both leverage & hone my skills to achieve progress together. I'm in a continuous self-development phase to build up upon my current skills in an ever changing workplace.

## Work Experience

### Jamal Sayegh for Contracting

Site Engineer Intern / Residential Building

📍 Beirut, Lebanon 📅 06/2018 – 09/2019

- Amplified work efficiency by strategically liaising between the supervisor & workers.
- Maximized quality control by enforcing proper concrete testing & managing reinforcement placement.
- Streamlined worker's performance by providing assistance based on specifications, designs issued, & direct communication.

### Hassan Al Hajj for Contracting

Site Engineer Intern / Residential Building

📍 Beirut, Lebanon 📅 11/2019 – present

- Introduced a log to efficiently keep track of workers to reduce wasted time & costs.
- Orchestrated with my team construction tasks like formwork, concrete, and reinforcement placement.
- Implemented proper cylinder testing techniques at the lab by applying workshop knowledge.

### Kempinski Hotels

Engineering Coordinator

📍 Beirut, Lebanon 📅 04/2020 – 05/2021

- Development and implementation of engineering projects.
- Defining and solving problems on Building Management System (BMS)
- Delegating tasks to appropriate team members
- Defining problems, conducting and narrowing solutions

### Property Masters Group (PMG)

Properties Supervisor

📍 Beirut, Lebanon 📅 06/2021 – present

- Carry out Site-survey and visual inspection to assess the condition of all assets.
- Defining and solving problems on Building Management System (BMS)
- Oversee the preparation of financial statements of the properties
- Negotiate Annual Maintenance Contracts
