HIGHSCHOOL DIPLOMA | BESGB RABIEH
2005-2017

COMMUNICATION

- **Rapid learner**: Participated in LAU Mobile application competition during my final school year. Was given only 2 lectures on how to program mobile applications in Java.
- Was a member or Rabieh Scouts for 11 years where I was taught leadership, disciplinary, communication, and teamworking skills.

LEADERSHIP

- **Work well under pressure**: Participated and won 3rd place in AUB Build it 3.0(2019) hackathon 48 hour competition where myself and my team built a speech to braille CNC machine to aid the visually impaired by giving them the capability of recording

    meetings or simply take notes orally then print them out in braille.

- Taught myself how to build and repair electronics (especially computers) from a young age.
- Regularly repair and build computers from home as a side job in my free time.
