## George Youssef Chedid

Fluent In Written & Spoken English – French - Arabic

### Education

**Lebanese American University (L.A.U.)**

[www.lau.edu.lb](http://www.lau.edu.lb)

**Graduated Dec 2019**

Bachelor's degree in Mechanical Engineering

**Byblos, Lebanon**

Placed on dean's honors list

**Fall 2017**

**Scholastic Aptitude Test (S.A.T)**, Math Score of 750/800

**2013**

### Professional Experience

**Global Management Consultants**

<https://www.global-dubai.com/>

**06/2021 to 9/2021**

**Business consultancy**

**Remote - Business bay, Dubai**

**Position:** *Junior Consultant*

- Helped big clients in the area set up marketing campaigns, business feasibility and market studies based on available data. Often contracted for big 4 consultancy firms to optimize their plan after first trial feedback received by client.

**Zakka Multitec**

[https://www.zakkamultitec.com/Home/S\\_Index](https://www.zakkamultitec.com/Home/S_Index)

**03/2020 to 03/2021**

**Automation Mechanisms Department**

**Beirut, Lebanon**

**Position:** *Junior Design Engineer*

- Last 3 months:* Unofficially handed responsibility of all operations in the department. Acted instead of Production Manager and supervisor; Jr. & Sr. Mechanical and Electrical Design Engineers; Procurement engineer; Technical assembly and welding team foreman. Reported directly to CEO/GM of all 10 branches on a weekly basis.
- First 9 months:* Headed by production manager worked as a team of Sr. & Jr. Mech. & Elec. Engineers. Visit customer landsite to consult for custom made products. Carried project from R&D to commissioning.
- Highly proficient in 2D-3D design, computational, managerial, optimization, coding... type of software. MS Office...

*Aftermath of Covid19, I have been the only engineer in the department since mid-Dec 2020. Developed crucial skills in a very short time.*

**INDEVCO Group**

<https://www.indevcogroup.com/>

**07/2018 to 09/2018**

**Masterpak**

**Zouk, Lebanon**

**Position Held:** *Summer Intern*

- Chosen amongst 10 colleagues to solve for malfunctions of an automatic taping unit holding the production line.
- Chosen to attend, by supervisor, a future operational branch where I mainly consulted for problems faced in a water treatment system that will save 99% of waste produced. Drastically improving its eco-friendliness and efficiency.

**ERGA Consulting Group**

<https://www.erga.com/>

**07/2017 to 09/2017**

**Mechanical Department**

**Beirut, Lebanon**

**Position Held:** *Summer Intern*

- Consulted & Designed HVAC, Resistance Heating, plumbing and firefighting systems of residences, malls and villas.

**Mercedes Benz**

<https://www.mercedes-benz-mena.com/en/passengercars.html>

**07/2016 to 08/2016**

**Service & Repair Department**

**Bouar, Lebanon**

**Position Held:** *Summer Intern*

- Worked with tech and mech engineers on vehicle maintenance as well as analysis and repairs of severe accidents.

### Volunteering & Extracurricular Highlights
