EXPERIENCE

Izdiyar Libnan | Economic Research Intern

02/2021 – 04/2021

- Collected data and conducted relevant research to ascertain the deep socio-economic and structural issues facing the Lebanese population
- Increased outreach and relationships with donors by planning a social media strategy
- Assisted in the writing of multiple grants by fact-checking, adding consolidated research and updating references.

Beirut Analytics | Co-Founder, CFO

07/2020 – 11/2020

- Planned a holistic financial strategy and mapped out relations between investors, entrepreneurs and ourselves to create a more regulated supply chain.
- United and managed a team of 7 individuals from different backgrounds
- Provided consulting services to two businesses to digitize their processes and eliminate bottlenecks through field-visits and designing tailor-fitted solutions.

Suliman S. Olayan School of Business (OSB) |

Graduate Research & Teaching Assistant

02/2020 – 05/2020

- Gathered and consolidated research pertaining to franchising in Lebanon and the MENA region
- Evaluated the analysis and interpretations of financial statements in over thirty Corporate Finance projects.
- Developed a comprehensive grading scheme via Excel to be used in future semesters to reduce grading time.

El-Technologies | Junior CRM Consultant

02/2019 – 04/2019

- Used the Salesforce Lightning Component and Apex to develop the front-end for a client's website
- Communicated developer needs to the client's business analyst and relayed issues

PROJECTS

Valuation of Zoom Video Communications, Inc.

Equity Valuation Course (MFIN 304)

- Analyzed Zoom's 10-K and 10-Q financial statements and provided calculations for the Discounted Cash Flow Model (DCF)
- Projected the firm's economic outlook through macro-economic events and differing analyses and dynamics after forecasting multiple scenarios
- Consolidated the report and investor tear-sheet after performing a technical analysis of the stock.

Managing a Portfolio of \$1 Million

Portfolio Management Theory (MFIN 306)

- Managed a virtual portfolio of \$1 million for an aggressive investor risk profile and obtained a monthly return of 0.196%.
- Traded on Stock-Trak with an active strategy of momentum trading and focus on growth by investing in high P/E firms
