WORK EXPERIENCE

Web Application Developer
gym

01/2021 - 05/2021

Achievements/Tasks

- I have developed a dashboard to manage gym clients, gym packages and costs and keep up with the revenue and profits generated, plus many built-in features that makes the app more efficient and effective

Web application
zhour

01/2021 - 03/2021   *beirut, lebanon*

Achievements/Tasks

- I worked with my team colleague Mohamed Nehme to develop a web application around buying homeware with PHP + firebase as backend development. The shop is currently under maintenance to be published online. And I have very little experience working with Firebase because of this project.
