AHMAD AL AMINE

Beirut, Lebanon | P: +961 76779213 | ahmdalamine@gmail.com | linkedin.com/in/ahmd-alamine

PROFILE

A focused backend Java developer and ambitious problem solver who would like to join a team of like-minded developers. I'm detail-oriented and always eager to dig deeper into new concepts. I'm joyful and a great debugger who is always keen on helping.

EXPERIENCE

Opago - Remote, Lebanon
backend SpringBoot Java developer   *December 2021 – present*

- Collaborated with the front-end developers to establish objectives and design more functional, cohesive codes to enhance the user experience
- Created and maintained workflows with teams to provide visibility and ensure workload balance for consistent visual designs
- Optimized web application for performance and scalability
- Created and maintained a REST API that allows other companies to integrate with us
- Created documentation for the API using Swagger-hub
- Integrated other companies' APIs and implemented multiple workflows to ensure data syncing
