SUMMARY

With a deep fascination in the automotive and energy fields and how they function, I began my higher education studies by pursuing a Bachelor's degree in Mechanical Engineering to pursue a successful career. My goal is to become a dynamic engineer that discovers the world and add value to wherever I was present

WORK EXPERIENCE

Mechanical Engineering Intern

Jul 2021 - Sep 2021

Lebanese Center for Energy Conservation

📍 Beirut, Lebanon

Supported analysis and evaluation for the National Energy Efficiency Action for Lebanon(2016-2020). Moreover, the tasks advocated research to implement a new outline and find new measures for the upcoming National Energy Efficiency Action Plan(2021-2025).
