

ABOUT ME

I am a motivated and hardworking person, always energetic and eager to learn new skills. When facing difficulties, I'm not the type who gives up easily; on the opposite, I try my hardest to fix things in order to achieve my goals. I'd qualify myself as an honest person who has a good sense of humor. However, when it comes to work, I take it seriously, as I always tend to bring out the best in me. In addition to that, I am able to handle multiple tasks on a daily basis, all while managing to get them done at the required time.

MARILYNE NAKAD

OBJECTIVE

Searching for a position in a well-known company in order to gain more experience and learn from them, so that I'll be able to implement my skills in a way to succeed in the technology industry.

EXPERIENCE

- PARTICIPATED IN A COMPUTER SCIENCE SUMMER PROGRAM AT NOTRE DAME UNIVERSITY – LOUAIZE.

(July 2018)

Learned how to write parts of codes for some programs, as well as edit them, and fix errors. Also designed applications.

- TOOK ONLINE COURSES ON **FUTURE LEARN** THAT ARE RELATED TO MY FIELD IN ORDER TO ENHANCE MY SKILLS FROM MANY PERSPECTIVES.

1. **DIGITAL SKILLS: MOBILE**

(January 17, 2022 till January 31, 2022)

This online course discussed the relevance of mobility. It presented an overview of mobile design, development, and experience creation, as well as larger topics in mobile technology.

2. **DIGITAL SKILLS: ARTIFICIAL INTELLIGENCE**

(January 11, 2022 till February 1st, 2022)

This online course helped me discover how artificial intelligence may improve our daily life and change the way we work. It also discussed the future and the important skills of work.

PROJECTS

Hospital Management System

(Notre Dame University – Louaize. Fall 2021)

Created a software application for managing the hospital's both patients' and staff's information, as well as editing other details such as hospital rooms, etc...

SKILLS

- SQL Server
- StarUML
- Proficient in C++
- Familiar with: C#, HTML, CSS, JAVASCRIPT, JAVA
- Languages: Arabic, French, English
- Microsoft Office 365
