MOHAMED RISSAL HEDNA

Computer Science student at the Lebanese American University, with a minor in Data Analytics. Proficient in multiple programming languages and frameworks and implemented various projects from mobile to web development. With a huge thirst for knowledge and excellent communication skills, and great leadership potential implemented through group projects and teaching positions.

EDUCATION AND QUALIFICATIONS

- Sep 2018 - Jul 2019 **Sophomore Year Engineering**
[Institute of Electrical and Electronics Engineering, Boumerdes, Algeria](#)
Took one year at IGEE where I was an active part of the campus life participating in events, clubs and gatherings. Ranked 16th among 560 students in the faculty when it comes to CGPA.
- Aug 2019 - May 2023 **Bachelor of Science**
[Lebanese American University, Beirut, Lebanon](#)
Got accepted as a MEPI-TL scholar, with a major in Computer Science and minor in Data Analytics. Maintained a GPA of 4.0 so far and became a member of the Robotics and CS club, as well as member of the MEPI Volunteering and Activities committee.

WORK EXPERIENCE

- Jun 2020 - Jul 2020 **WYA Intern**
[World Youth Alliance, Online](#)
Did administrative tasks, acquired 100 new members to the WYA charter, wrote two articles on the WYA website, and made social media post designs.
- Jun 2020 - Sep 2019 **Web Development Intern**
[Let'sGrant, Online](#)
Took a Bootcamp-style internship in full-stack web development. From JavaScript, HTML, and CSS to NodeJs, MongoDB, and React.
- May 2021 - Jun 2021 **Python Programming Teacher**
[Deservelt Platform, Online](#)
Volunteered as a Python teacher at Deservelt, created a curriculum as well as structured weekly assignments for the duration of two months.
- Jun 2021 - Aug 2021 **STEM Teacher**
[Management Business International, Setif](#)
Taught science, technology, English and mathematics to young children as part of MBI school's STEM program in partnership with World Learning for the duration of two months
