

# Jamil Awada

## Computer Science Student

### EDUCATION

#### **French Baccalaureate – Economic Stream**

Lycée Franco-Libanais Verdun

2006 – 2022

#### **Bachelor's Degree – Computer Science**

Lebanese American University

2020 – Present

### PROJECTS

#### **Newspaper Database**

- A fully functional database developed in Oracle express designed for an arbitrary newspaper company, inspired largely by Al-Nahar's organizational structure

#### **HandMeDown**

- A fully functional E-Commerce mobile application that allows users to post and look up product listings, specifically gently-used baby products.
- Built using Java and XML for the frontend, PHP and MySQL for the backend

### EXTRA CURRICULAR ACTIVITIES

#### **MUN Participant**

LAU GCMUN

- Attended and actively participated in LAU GCMUN as a representative of Indonesia

#### **Secular Club Member**

Lebanese American University

- Active member of a club that aims to spread coexistence and a secular lifestyle

#### **Beirut AI Member**

Beirut AI

- Active member of a non-profit organization enabling everyone to have access to the tools and knowledge to apply Artificial Intelligence
