Lebanon
Jounieh, Ghadir

Brief Introduction:

I am a third-year computer engineering student at the Lebanese American University. I currently hold a cumulative GPA of 3.52 and graduated from high school with an average of 16/20 in the general science program. Many experiences have helped me developed advanced leadership skills such as MUN, MEPI program and being part of the scouts movement for over 15 years. Moreover, after few years of self-teaching in the realm of web developing, I could say that I am now a full stack developer with several project experiences. My goal in life is to become a very successful women that has no fear and is not ready to give up. I am working on myself a lot during these years to achieve all my dreams and goals, plus I am a very independent person that is not waiting for any help from peers in college and is ready to take risks in life to succeed.

Work Experience:

- January 2021-Nov 2021   Tutoring at Geek Express
  Teaching young kids between 10- and 17-years old coding courses such as web development, python...

- September 2019-Nov 2021   Tutoring private lessons
  Taught several students at home scientific subjects such as Maths, Physics and Chemistry

- January 2022-Present   Website developer for Dripple
  As a part time job, currently developing a website for the company Dripple.

Education:

- College Des Apotres, Jounieh   2019
  Baccalaureate in GS

- Lebanese American University   2019-2024
  Undergraduate Computer Engineering
