## SKILLS

Angular

C#/asp.net web API

Unit testing

## LANGUAGES

Arabic

English

## HOBBIES

■ Guitar player

■ Reading philosophical books

## ABOUT

I am a Full-stack developer having the ability to learn and implement new technologies quickly and solve bugs before they occur sometimes and Find solutions to things that take a lot of time. Moreover, I can work under pressure in teamwork or independent.

## EDUCATION

### Computer Science

2021 - 2023

Modern University for Business and Science, Beirut

Mathematics

Problem-solving

Coding

Experimentation

Computer and technology knowledge

Programming languages

Technical writing

Software development

### Mechatronics Engineering

2019

Lebanese University

Thermodynamics

Logic Circuits and Complex Design

Informatics

Electricity

Mechanics

### Pure Physics

2020

Lebanese University

Work with complex math and physics equations from real life examples

### General Science

2018

Al-wafaa Secondary School

General Science class helped me to work hard every day and it improved my mathematical thinking. Moreover, it gave me the ability to solve complex mathematics problems fast.

## COURSES

### Full-Stack Training

Present

This training helps me to become a full-stack web development with professional Coach has more than 2 decades of experience and we work on developing real world applications using latest

programming languages version

## EMPLOYMENT

**Supervisor** 2020  
The United Nations Development Programme (UNDP)  
Reducing the direct economic downturn impact on vulnerable communities in Lebanon.

**Instructor** 2017 – 2019  
Freelance  
Teaching private scientific subjects for secondary students, that led me to work and learn more on my self and describing the ideas in different ways that all students can understand

## EXTRACURRICULAR ACTIVITIES

**Planter** 2016 – 2020  
Shout Biosphere Reserve  
cultivation of cedar trees, making trails inside the reserve and tourist guides.  
Team work cooperative

## CERTIFICATES

**Angular : Beginner to Pro** Nov 2021  
Build professional, interactive apps with Angular – the most popular framework for building web apps.

**The Ultimate C# Series: Part 1** Dec 2021  
Learn the fundamentals of programming with C# with tons of exercises and real-world examples

**The Ultimate C# Series: Part 2** Jan 2022  
An in-depth, step-by-step guide to classes, interfaces and object-oriented programming, with many real-world examples

**The Ultimate C# Series: Part 3** Feb 2022  
I Master the advanced C# constructs that every C# developer must know

**Unit Testing for C# Developers** Mar 2022  
Automated tests help me to catch bugs earlier in the software development lifecycle, right when I am coding.

**C# Developers: Double Your Coding Speed** Feb 2022  
Learn the essential shortcuts and plug-ins that help me write more code in less time
