Education

2019-2023	American University of Beirut (AUB) Bachelor of Engineering in Computer and Communications Engineering. Key courses taken include Software Engineering, Cryptography and Network Security, Computer Networks, Microeconomics and Numerical Computing. Member of the Institute of Electrical and Electronics Engineers (IEEE).	Beirut, Lebanon
2004-2019	Collège Protestant Français (CPF) French Baccalaureate with Mathematics Emphasis. Graduated with High Distinction. Average of 16.23/20.00 (top 10%).	Beirut, Lebanon

Experience

Fall 2021	Library Management System Project Digital Project Lead Worked along a team of developers on the design and implementation of a university library system. Applied agile methodology to complete the project in increments. This website would be used to manage the library department, create a database and allow users to borrow and return books. The system had a user-friendly interface. Project ranked in the top 10%.	Beirut, Lebanon
Spring 2021	Online Word Processor Project Digital Project Lead Led a team of three to design and develop an online editing application. Conducted an exhaustive benchmarking research to design the app's basic user journey and key features (e.g., file creation, file editing, etc.). Developed the prototype of the app's graphical user interface, and associated back-end. Identified a group of representative users (including fellow students and teachers), conducted a cycle of user testing and updated prototype accordingly. Project ranked in the top 10%.	Beirut, Lebanon

Leadership

Summer 2018	Smart Throwing Initiative Co-Founder Cofounded a small-scale initiative, to raise awareness and promote domestic waste sorting and recycling, in a community of 80 families in the Mount Lebanon region as part of the "Smart throwing keeps the world going" program we developed.	Beirut, Lebanon
2017-Present	Brave Heart Fund Fundraising Volunteer Worked as part of a team on various fundraising events to help under privileged children cover medical expenses. Conducted market studies in different regions to identify potential donors. Managed a team of twelve volunteers during on-campus awareness and recruitment campaigns that resulted in a 20% increase of funds raised by schools in Lebanon. Took part in the organization and management of an open breakfast during the Beirut Marathon.	Beirut, Lebanon

Skills, Activities & Interests

Fluent in English, French, Arabic and beginner-level Spanish. Proficient in Python, Java, C++, Matlab, MultiSim VHDL, Vivado, LabVIEW, Microsoft Office. Enjoy Football. Participated in several tournaments abroad which harnessed my football skills as well as my leadership and communication skills. Competed in the Lebanese Football Association Youth Championship across several years.
