

# Tia KHODOR HAIDAR AHMAD

Beirut, Lebanon | [tia.haidar.ahmad@gmail.com](mailto:tia.haidar.ahmad@gmail.com) | +96103730058 | +96170187202

## Education

**Bachelor of Engineering (BE) in Computer and Communications Engineering – Multimedia and Networks** [Université Antonine \(UA\)](#) Hadat-Baabda, Lebanon

## Experience

**Senior Technical Quality Control Lead at [Smart Education](#)** | August 2023 – Present

- Led ICT curriculum review and evaluation for K-12 educational materials.
- Reviewed digital textbooks, e-learning content, and interactive ICT lessons for accuracy and coherence.
- Ensured alignment with international educational standards (ISTE, CSTA, NGSS) in AI, coding, web development, and data science.
- Collaborated with subject matter experts and instructional designers to enhance content quality.
- Implemented quality control frameworks to identify and resolve content inconsistencies.
- Diagnosed curriculum gaps and provided data-driven recommendations for improvement.
- Compiled detailed reports on quality checks, issue resolutions, and improvement areas.

**Curriculum Developer at [Geek Express](#)** | June 2021 – April 2023

- Designed technical curriculums and educational materials in app development, AI, VR/AR, robotics, 3D modeling, and game development.
- Recruited, trained, and managed 300+ remote trainers, educating 10,000+ students across 20+ institutions.
- Developed interactive, hands-on workshops and e-learning content.
- Assessed curriculum effectiveness and optimized for student success.

**ICT Afterschool Coach at [Wellspring Learning Community](#)** | Oct 2021 - Oct 2022

- Delivered coding lessons using Scratch, MIT App Inventor, and Python.
- Encouraged critical thinking through hands-on projects and problem-solving exercises.
- Provided personalized mentorship to students in coding and app development.

**Microsoft Certified Trainer at [Geek Express](#)** | 2018 – 2021

- Conducted training sessions on Microsoft technologies, web, game, and app development.
- Designed training materials and hands-on exercises to improve practical learning outcomes.
- Provided one-on-one mentorship to participants for skill advancement.

## Certifications

- Certificate of Recognition - Certified Microsoft Innovative Educator (2021)
- Completion Certificate for Fundamentals of Digital Marketing from Google (2020)
- Completion Certificate for Cisco CNNA from Cisco Networking Academy (2020)
- Volunteer in The Community Service and Action Program by MEHE where I developed fine-tune skills such as leadership, organization, and reliability (2015 – 2018)

## **Technical Skills**

- **Educational Platforms:** Unity, Swift Playground, Xcode, MIT App Inventor, Thunkable, Scratch, Code.org, Robotify, VEXCode, Minecraft Education Edition, GDevelop, Roblox Studio, CodeSpark, Scratch Junior, Tynker, Kodable, CodeMonkey, HatchXR
- **UI/UX Design:** Website and Mobile (Android, iOS) Wireframing And Prototyping on Adobe XD and Figma
- **Data Science and Business Intelligence:** Google Colab and Tableau
- **Programming Languages:** PHP, JavaScript, Java: Object Oriented Programming, C++, SQL, MySQL, PL/SQL, jQuery, Python, C#.
- **Mobile Development:** Android (Java), **Game Programming:** Unity
- **3D Modelling:** Autodesk 3Ds Max, TINKERCAD
- **Graphic Design Software:** Adobe Illustrator. InDesign, Photoshop, and Dreamweaver

## **Soft Skills**

- Effective time management skills, efficiently prioritizing tasks and resources to optimize productivity.
- Excellent communication and interpersonal skills, enabling effective collaboration with cross-functional teams and stakeholders.
- Strong organizational skills, maintaining a structured approach to tasks and projects.
- Positive attitude and a growth mindset, continuously seeking personal and professional development opportunities.
