EDUCATION

🎓 I am still a student actually; I am studying graphic design with passion at SUC in MOTRAN STREET, I am one of the perfect student there, I gain a high grade in drawing, designing, Photoshop and adobe illustrator, I believe that I am an ambitious professional and I love designing very much.

🎓 I did a private training course in designing posts, logos, covers, and how I use Photoshop tools and adobe illustrator program; this show that I am a very active and motivated person.

EXPERIENCE

As I mentioned before, I am still a student so I did not work before which means that I don't have any experience, but as I mentioned before also I did a private training course, so I have a deep level of information concerning Photoshop and adobe illustrator.

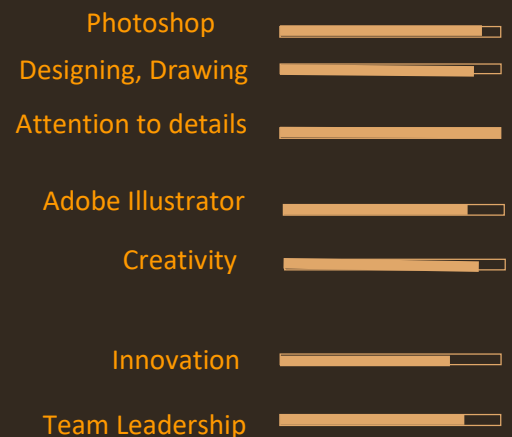

I have a very creative mind that make me able to do special social media posts that attract people to your social media pages. In addition, I am able to design banners, create logos.

I have a keen eye for details; I am focusing in my work on details so much because in my opinion "focusing on details create the professional design".

Skills

- I am able to work within a team to make work more organize.
- I am able to work under pressure.
- I am able to organize my time to fit in the work requirements.
- I have deep knowledge in Photoshop and adobe illustrator.
