## Achievement

- Website for social committees and hospitals in order to help patients financially
- Designed database structure and created it through MySQL
- Implemented back-end development through native PHP
- Implemented front-end development through CSS3 Bootstrap, Html5
- Distributed tasks on my teammates and created a schedule in order to finish the project on time

## Experience

### Software Engineering factory, Beirut

#### Full Stack Web Development

Aug - Oct 2021

Intensive full-stack web development program covering cloud architecture, frontend and backend development, source control, web application security, in addition to soft skills, over 12 weeks of lectures, workshops, and projects.

- Implemented API's through Laravel framework for backend.
- Designed the frontend through React JS library for websites and React Native for applications.
- Worked on projects with a team, using Github for sharing code.
- Designed database through MySQL.

#### Computer Science Intern

Jan - Mar 2021

- Learned Python programming language
- Worked on data structures lists, queue, stack, LinkedList ...
- Solved problems through trees and graphs

### Web Developer Freelancing

2019 - 2021

#### Online Paid Test Website

- Coordinated with clients over project requirements
- Implemented back-end development through Laravel framework
- Implemented the stripe payment API
- Created admin page through AdminLTE
- Designed database through MySQL
- Created design through CSS and Tailwind

### Grapeful, Rachaya-Beqaa

#### System Admin Intern

Sep- Dec2019

- Tested system through entering data in order to check if it will handle errors
- Reported bugs and errors to the developer
- Created Excel and word reports
- Suggested solutions for the errors appeared
- Suggested new features to be added to the system in order to make more effective

### Special Gifts, Beqaa

#### Logistics Manager

2010 - 2019

- Followed a new strategy in order to increase our sales as marketing through social media platforms, this strategy increased our clients by 40 % in one year as well as our sales.
- Recruited two employees for delivery service all over Lebanon

- Created offers every month in order to sell the stock products, this process attracted my clients, and in one year I finished all stock products
- Updated prices in order to be as market or less, this saved and attracted new clients.

Red Cross, Rachaya  
First Aid Responder

Aug 2020 - Present
