EDUCATION

Rafik Hariri University

BSc in Computer Science (ABET Accredited)

Mechref, Lebanon

Jul. 2022 (Expected)

- Dean's Honor List (Fall 2019, 2021 Fall & Spring 2020, 2021)

EXPERIENCE

Distin-Gui

Web Developer

Aug. 2021 – Current

Beirut, Lebanon (*Remote*)

- Developed multiple frontends for small independent and large corporate clients
- Assisted in designing the architectures of the frontend projects
- Migrated web UI/UX designs from Adobe XD to React and Typescript
- Got basic training in backend development with Node.js

PERSONAL PROJECTS

Instant Weather App

[Live Demo](#) — [Source](#)

- Developed a Vue.js web app that serves instant data from the *OpenWeather REST API*
- Displays live weather information of any city in over 100 countries around the world

Color Guessing Game

[Live Demo](#) — [Source](#)

- Created a web mini-game that teaches people how color mixing works using RGB
- Designed to be *very fast, lightweight, and mobile-friendly*

Car Rental Website

[Live Demo](#) — [Source](#)

- Designed a car rental website with a focus on being responsive and mobile-friendly
- Simulated some server-side functionalities using built-in JavaScript APIs
- implemented jQuery to write more efficient JavaScript code and add page interactions easily

News/Events Broadcast App

- Developed an Android application that allows users to view and read articles uploaded by the app admin
- Users can search articles by their content, category, and keywords
- Includes *Firebase authentication* to implement User/Admin functionality with form validation
- Implemented *Firestore* as the app's database to store and broadcast the news/event articles
