Rodrigue Andrawos

Software Developer

📞 76 062 742   @ andrawosrodrigue@gmail.com   📍 Mansouriyeh, LB

EDUCATION

BS in Computer Science

AKU

📅 2018 - 2020   📍 Ain Saade, Mount Lebanon

- Acquired great programming, designing, web/app developement, data structures, database, project management and teamworking skills.
- Mastered the ability of effectively communicating and formulating thoughts, then transforming them into working programs or platforms.
- Became self sufficient, committed and dedicated, as college is mainly a time to find yourself.
- Built a full Mobile Robot loaded with 10+ sensors, and managed to program its functioning using C++.
- Worked on an AI model for accurate visual recognition of specific kinds of animals (Senior project).

GPA
3.67 / 4.0

MS in Computer Science

LAU - Lebanese American University

📅 01/2022 - Ongoing   📍 Beirut, Lebanon

- Acquiring advanced knowledge in specific subjects in my field, through lectures, seminars and practical assignments, with work assessed through exams, essays, dissertations and group projects.

EXPERIENCE

Private Tutor

Freelance

📅 2018 - 2021   📍 Lebanon

- Provided 1-on-1 tutoring and custom learning plans for 20+ students in various subjects.
- Assisted in assembling lesson plans delivered to students, to keep them on track with weekly assignments.
- Addressed students' areas of improvement by helping them acquire greater programming knowledge, all while respecting clean code principles.

SKILLS

Python   C++   Java   Angular   Typescript   HTML   CSS/SCSS   Ionic Framework   Git

Wordpress   RegEx

STRENGTHS

Proffesional English

English expertise hugely improved my communication skills, while also giving me a superior understanding of codes, programs, and algorithms.

Analytical thinking

Always acctepting new challenges and seeking new ways to overcome the issues until I have a solution, while productively managing project time.

Strong touch typing skills

Acquired it throughout my journey as a CS student. Less time typing means more time for the more important things.

Researching skills

The ability to search for, locate, extract, organise, evaluate and use or present information that is relevant to a particular topic.
