Work Experience

Google Assistant Action Developer (Feb. 2021 – May 2021)

Project for Mahmoud Bdeir, Beirut

- Participated in continuous improvement by generating suggestions, engaging in problem-solving activities to support teamwork.
- Identified issues, analysed information and provided solutions to problems.
- Handled day-to day scrum meetings as scrum master while working in agile development methodologies.
- Led the project and analysed data to identify opportunities for improvement.
- Create and populate the database for the project.
- Integrate from *DialogFlow* to *google assistant*.
- Write the Software Project Management Plan document.
- Quickly learned new skills and applied them to daily tasks, improving efficiency and productivity.
- Created plans and communicated deadlines to ensure the project was completed on time.

Education
