Language Skills
English Language Level: Upper-Intermediate
Arabic Language Level: Native Speaker

About Me

I am a quick learner who loves finding solutions to problems that I encounter during my work. I enjoy filling my time doing things that are useful to me, such as taking online courses to improve myself, helping friends with their computer science schoolwork, or searching for answers to questions I may have.

I am a full stack developer who has very good knowledge of backend, frontend web development, and Android development who hopes to continue to solve problems in my daily work.
