OBJECTIVE

Seeking an internship or full-time position in any Computer Science domain available. I am open for any opportunities to further expand my knowledge and improve my skills; hopefully proving to be an indispensable asset to the organisation as well as achieving personal growth and development.

EDUCATION

Bachelor's degree in Computer Science and double minor in Business
Lebanese American University, Beirut, Lebanon
Graduation: Spring 2022

Lebanese Baccalaureate II in Life Science, 2015
Lycee De La Finesse: 2003 till 2015
