Web Development Projects

INHESO- Full Stack Developer
Jan2022 - Jun 2022

- It is an eCommerce website helping the company owner manage his sales and sell vitamin products online. It was a **collaborative** project, it helped me to explore new technologies. And allowed me to increase my knowledge in PHP.
- Technologies Used: Javascript, PHP,Mysql, Wamp, Bootstrap, CSS, HTML.

Design Projects

ShopWiser - UX/UI Designer
Mar 2019 - Jun 2022

- Shopping online can be very convenient and easy, however, it becomes more challenging and time-consuming to pick a reliable vendor with reasonable pricing. It was a **collaborative** project, it allowed me to **expand my knowledge of** *how to design an e-commerce website by defining the problem and implementing a new solution.*
- *Technologies Used: Figma, Figjam, Notion, Slack.*
